## PRE-REGISTRATION ADVISING

Art students must sign up for a pre-registration appointment with their assigned advisor. The art student must complete this form before meeting with his/her/their advisor.

Advisors are listed in the top right corner of CAPP (Curriculum Advising and Program Planning) Compliance Reports. Advisors will not release a student for registration without this completed form.

If a student misses their appointment, they must work with their advisor to schedule another meeting. Students cannot register for classes until they have been advised (and released by their advisor).

**COURSE/SEMESTER PLAN** To be completed by the student prior to his/her pre-registration advisor meeting. Include alternative courses. See the example below.\*
